

Custom Stuffed Toys

We work with Mary Meyer an 86 year old maker of fine plush toys. We can do custom pieces for large company projects, as well as, new businesses. Whether your goal is product introduction, increased sales, brand recognition, or to draw people to your event or trade show booth, our award-winning design team can design an item specifically for you. We can work from your design drawings, or straight from your logo or concept, to develop a three-dimensional character of your logo, mascot, or a product that reflects the spirit of your organization.

start with your idea

Are you introducing a new character? Whether we currently produce a similar design or not, we will work with you to develop a design with great impact and high quality, as we did in these two cases:

Established character?

We made the above established icons into beautiful soft plush toys.

Or select and modify a product

One of our customers wanted the local college's husky mascot as a stuffed toy. They reviewed our line and they found we offered a stuffed husky, but ours was gray and they needed it in white. We provided them with white plush swatches and ribbon samples. Based on their preferences we produced a white version of our husky especially for them with a custom imprinted ribbon.

Accessorizing & Adding Your Message

We will use our expertise to convey your logo or message in many ways, from imprinted T-shirts and ribbons to custom printed hangtags and tiny bibs. Choose a toy we offer, give us your graphics, and we'll do the rest.

ribbons

Imprinted ribbons are available in a wide variety of colors and widths and dress up nearly any stuffed animal in our product line. They offer you the flexibility of being able to choose more than one animal, accent each with the same ribbon, and add depth to your promotion in an affordable manner.

bandanas

Tiny bandanas, imprinted in multiple colors, are a unique and adorable way to customize all but the smallest of our animals.

hangtags

With the option of two side printing, custom printed hang tags featuring your logo or promoting your event help the stuffed toy do the talking!

t-shirts

T-shirts can be imprinted with your logo. Imprinted T-shirts provide high impact and great value. We offer shirts to fit many of our teddy bears and wildlife designs, with quantity discounts and quick turnaround time.
